

Elfed Extra Library Committee is an opportunity to get involved with the school library and play a part in stocking books, helping to run the library and more!

Elfed Extra Library Committee meets every Wednesday lunch time, in the library, to get stuck into an array of activities, including cataloguing books, selecting new stock and creating displays.

There are also opportunities to become Student Librarians and run the front desk during break and lunch times. If you want to get involved and help improve your school library then you should come along!
